Dear Fred:-

Your letter at hand concerning increasing the membership in the Brown University Club here. I have never joined for two reasons. One because I live, and my work is way up-town and I next to never get down-town. The other is that I never seem to be able to connect with powers that be.

When I came to New York three or four years ago, I think I wrote the Club concerning what they were and so on, and if I got a reply it was so devoid of human interest that it did not appeal to me, A few months ago I wrote again asking particulars about the club, dues what they had to offer etc. To the best of my recollection I did not receive a reply, or if I did it was so unappealing that it did not carry itself in my mind ofer night. However, I have no valid reason for not helping to support the working organization and I am herewith sending you my application.

Yours very truly,
